**Selling Black Walnuts in Kentucky - 2006**

Deborah B. Hill and Jeffrey W. Stringer

Black walnuts can be sold to commercial hullers in Kentucky (see Table 1). Bring the whole seed to the huller locations and they will run them through a machine to remove the hulls. They will weigh the walnuts after the hulls have been removed and pay you a specific amount per 100 lbs. Normally, they accept walnuts throughout the fall. However, it is recommended that you contact your local huller prior to gathering nuts.

**Commercial Huller  
Pricing  
2006**

~ \$10.00 per 100 pounds  
after they have removed the  
hulls.
