Getting Your Athletic Field Ready for Fall Play

May 9, 2016 - 6:00 pm
Robinson Center Auditorium

Instructor:
Dr. Gregg Munshaw
Extension Specialist
UK Dept. of Plant & Soil Sciences
Turfgrass Science

Dr. Munshaw received his PhD from Virginia Tech in 2003. Upon completion of his degree, he accepted the position of Turf Specialist at Mississippi State University. In January of 2012, he assumed the role of Turf Specialist at the University of Kentucky. Dr. Munshaw works closely with professional turf managers to improve the playability and aesthetics of golf and sports turf. He also strives to educate homeowners on proper maintenance of their home lawns.

He is very active in the Kentucky Turfgrass Council as well as the Kentucky Sports Turf Managers Association.
